Benefits of Extending the Class (ETC)

To Students:

- Acquire short-term and long-term study skills
- Learn how to organize class materials
- Spend more time on task with class materials
- Prepare more thoroughly for exams, both content and format
- Receive higher course grades
- Meet classmates and feel more comfortable participating
- Learn to collaborate with classmates and share ideas
- Become independent learners

To Faculty:

- Receive feedback on student progress from ETC leader
- Provide students with opportunities for success
- Improve student interaction in class
- See more students succeed and continue in course sequence
- Improve student understanding of concepts
- Work closely with and mentor top students

To The Institution:

- Report higher graduation rates
- Raise the learning bar
- Lower rates of students earning D’s, F’s, Withdrawals
- Create a sense of community
- Provide faculty development
- Bridge the gap between student ability levels
- Provide cost efficient academic support
